REPORT AND JOINT RESOLUTIONS

In relation to the death of General ANDREW JACKSON.

The select Committee, to which was referred so much of the Governor's message, as relates to the death of General ANDREW JACKSON, have had the same under consideration, and beg leave to report:

That in responding to the suggestions of His Excellency, Benjamin Fitzpatrick, relative to this melancholy event, your Committee but too sensibly feel how inadequate is language to express the deep-seated and pervading regret, which the announcement of this National affliction, brought upon our whole land. And though the hurried revolutions of every day life, have followed the solemn obsequies of the departed Soldier, still the oppressed heart of the nation, throbs with a stronger energy at the mention of him, whose name, while living, was a talisman of good; and whose spirit "from his urn" shall still "rule" his country's destiny. The universal sorrow evoked by this sad though not unlooked for event, from all grades and hues of persons and opinions, immediately on the close of an acrimonious and highly exciting party conflict—a conflict in which the "illustrious dead" performed no ordinary part—the utter oblivion of all divisions and all strifes, in the common desire to pay the last sad tribute of respect to the memory of the Hero and the Statesman—all attest, that ANDREW JACKSON, of all his cotemporaries "was first in war, first in peace, and first in the hearts of his countrymen." The enumeration of those virtues, and the recital of those deeds which bequeath his name to immortality, belong not to this occasion, but are to form the glorious themes, of those whose province it shall be to illuminate our Nation's history. Adorning the brightest page of our national glory, and standing side by side with those of the Father of His Country, the private virtues and public achievements of this remarkable man, shall tell to those who are to succeed him, how a Soldier should conquer, and a Statesman rule—how an honest man should live, and a Christian die. In reviewing the eventful life of this distinguished citizen, we cannot but be painfully impressed with the evanescence of all earthly greatness; while his calm and Christian exit elevates every reflecting mind, to the contemplation of those higher honors, which pass not away! ANDREW JACKSON is no more! and though the recollection of his personal virtues and public services, tell through every feeling nerve to the surviving freemen of our land, how frail a memento of departed worth, is the

sculptured column, which shall rise to prolong his name, yet we have the assurance that his more enduring monument shall be a place in "the hearts of the good and brave," through all coming time. Responding to the universal and spontaneous expression of sorrow, at the death of this great man, which arose throughout the length and breadth of the Nation, but more especially from the midst of those whose representatives we are: Therefore,

Be it resolved by the Senate and House of Representatives of the State of Alabama, in General Assembly convened, That while the State of Alabama deplores the death of ANDREW JACKSON, she will ever cherish his memory, as one of the last and most noble of that illustrious band of patriots, who achieved our liberties, by their valor, and secured them by their wisdom.

Resolved, That in his death the country has lost a great public benefactor; republican freedom, an able and consistent friend; and human liberty throughout the world, a bold and fearless champion.

Resolved, That as the representatives of a State, in whose behalf he rendered signal services, amid peril, hardships and disaster, we desire to record upon the Legislatures archives of the same, the deep sense of gratitude we entertain for his services, and the sincere regret we feel for his death.

Resolved, That His Excellency, the Governor be requested to forward a copy of this Preamble and Resolutions to the family of the deceased.

JOINT RESOLUTION

For the relief of the late Tennessee Canal Commissioners.

Whereas, it appears from the report of the agent, appointed by the Governor, to settle with the late Tennessee Canal Commissioners, for the iron removed by them, from said Canal, that it was necessary to remove the same, to save it from depredations and loss; that the quantity so removed, was twenty-six thousand pounds, nineteen thousand three hundred and twenty-six pounds of which have been sold for the sum of seven hundred and seventy-eight dollars and eighty-eight cents, leaving unsold six thousand six hundred and seventy-four pounds of said iron worth about two hundred and fifty dollars: And whereas, the said Commissioners borrowed from the Branch Bank at Huntsville, the sum of two thousand dollars to repair the said Canal, which debt amounted on the first of June last to two thousand three hundred and seventy-four dollars and thirty-nine cents: Therefore,

Be it resolved by the Senate and House of Representatives of the State of Alabama, in General Assembly convened, That the proceeds of the iron sold by order of said Commissioners, as well as the iron unsold, remaining in the hands of their agents, be, and the same is hereby relinquished to James Irvine, James H. Weakley, and Thomas J. Fos-

ter, to be by them applied to the payment of the said debt contracted by them, and their associates at said Branch Bank, for the use of said Canal: *Provided*, said James Irvine, James H. Weakley, and Thomas J. Foster shall pay to Henry A. Bragg, for his settlement with them, the sum of thirty dollars, out of the proceeds of the sale of said iron.

Approved, 4th February, 1846.

JOINT MEMORIAL

Of the General Assembly of the State of Alabama, to the Congress of the United States, on the subject of deepening the Channel of Mobile Bay, and opening the Iberville River.

The Memorial of the General Assembly of the State of Alabama respectfully represents, that the people of this State are subjected to an enormous annual tax upon their exports and imports, in consequence of the want of a sufficient depth of water over Dog River and Choctaw Pass bars, in Mobile Bay, to admit ships of any considerable depth of water to come to wharves at the city of Mobile. Vessels drawing over ten feet are compelled to lie in the lower bay, from fifteen to twenty-five miles below the city. Nearly all the cotton shipped from, and the merchandise imported into Mobile, is compelled to pay an onerous literage charge, amounting in the aggregate to about two hundred thousand dollars per annum. This is embarrassing to our commerce, and a direct tax upon the industry of the people of this State.

The appropriations heretofore made by the General Government, for the purpose of deepening a channel through these bars, and which have been expended chiefly in Choctaw Pass, have fully tested the practicability of the work at an expense far within the limits of an enlightened economy, having reference to the importance of the object to be attained. The time that has elapsed since the expenditure of former appropriations has also furnished evidence that the work, when completed, is likely to remain permanent.

Your memorialists would therefore pray your honorable bodies, to take the subject into immediate consideration, and make such appropriations as will ensure the deepening of the channel, through these bars, to a depth that will allow the passage of vessels drawing fourteen feet, at low water, and the construction of jetties across the heads of the Tensaw and Spanish rivers, branches of the Mobile river, in such a manner as to throw an increased volume of the river into the main channel which passes the city of Mobile.

Your Memorialists would further call the attention of Congress, to the importance of re-opening the river Iberville, or Manchac, in Louisiana, which formerly connected the Lake Ponchartrain, by way of Lake Maurepas, with the Mississippi river, at a point a short dis-

tance below the town of Baton Rouge. This river was formerly an open, navigable stream, and of sufficient note to be recognized and established by the Treaty of Paris in seventeen hundred and sixty-three, as a part of the boundary line between the possessions of Great Britain and France. The line established by the Treaty commencing at the source of the Mississippi, and pursuing the middle of that stream to the Iberville, deflected thence from the "Father of Waters," by a line drawn along the centre of the Iberville, through the Lakes Maurepas and Ponchartrain, to the Sea.

The Iberville, at this period, an outlet of the Mississippi, so large as to give the appellation of "an island" to that part of Louisiana on which New Orleans is situated, is now, at its point of former efflux from that stream, entirely filled up and obliterated. It was open down to the period of the last war with Great Britain. During the invasion of New Orleans, obstructions were thrown into it, by order of General Jackson, under the apprehension that the enemy might attempt to pass in their boats through the Lakes, which were at that time without adequate defence, and the Iberville into the Mississippi, and thus fall upon New Orleans from above, and cut off the American army from its supplies. Anterior to this period, this branch, or outlet of the Mississippi, was of but little practical importance to the trade and commerce of the country.

The products of the West, then in its infancy, found a ready and remunerating market in New Orleans. The products of the territory, which now constitutes the States of Mississippi and Alabama, were almost identical with those of the West; and hence, little or no inducement to commercial intercourse, existed between these two sections of country. Since then, the products of the West and South have become diverse. The cultivation of our great staple to the exclusion of almost every other industrial pursuit, has opened amongst us an important market for the provisions and manufactures of the western States. We cannot obtain them at present, except by purchase or transshipment at New Orleans, which greatly enhances their prices to us. The class of vessels which can alone be profitably employed in navigating the Mississippi, are unfit for the sea, and cannot with full cargoes, or safety, reach our waters by the way of the Balize and the Gulf.

Your Memorialists would therefore respectfully urge your honorable bodies to cause the navigation of the Iberville to be re-opened, by removing the obstructions which have been placed in it, by your own representative, and the removal of such other impediments as may have been subsequently added by private hands. When the Iberville shall have been rendered navigable, boats can take in their cargoes at Pittsburg, St. Louis, Florence, and all other Western marts, and proceed direct to Mobile, and in good stages of water, to Montgomery, Tuscaloosa, and other interior towns in South Alabama.

The importance of this improvement in the event of war with a mar-

atime power can scarcely be over estimated. The navigation between Lake Ponchartrain and Mobile Bay, is sheltered from the Gulf by a range of low sand islands which would prevent the ingress of ships of war; hence a war would not materially affect our commerce with the west, if this avenue were open to us. Provisions, military stores, munitions of war, and men could be speedily transported from the teeming west, and from our national foundry at Memphis, to Mobile Bay, and the intermediate coast, and even to Pensacola, for the defence of our Gulf frontier, with little danger of interruption from any foreign enemy: Therefore,

Be it resolved by the Senate and House of Representatives of the State of Alabama in General Assembly convened, That our Senators in Congress be instructed, and our Representatives requested, to use their best exertions to carry into effect the views contained in the foregoing memorial; and that His Excellency the Governor, cause copies of this memorial and resolution to be forwarded to each of our Senators and Representatives.

Approved, 5th February, 1846.

JOINT MEMORIAL

Of the General Assembly of the State of Alabama, to the Congress of the United States.

The General Assembly of the State of Alabama, respectfully requests the Congress of the United States to graduate and reduce the price of the Public Lands, within the State of Alabama, which have been long in market, and remain unsold, with a view of getting clear of the expense of the Land Office system, and make those lands private property.

There are some nineteen millions of acres of Public Lands within the State, which have been in market, some for ten, some for twenty, and some for thirty years, or upwards, and notwithstanding the several periods of a rise and fall of prices of products, and the great rise of lands, and speculations in them, and notwithstanding our citizens have been seized with a spirit of speculation, and have traversed all the west, and south western States in quest of public lands, yet so worthless are the barrens and mountains of Alabama, that but few tracts have been entered of this great waste. Congress has often been requested to graduate the prices according to the periods of time they have been in market, and has hitherto refused to grant this most reasonable request. If ten cents per acre had been obtained for them twenty years ago, it would have been a great benefit to both the State and General Government. The one would have had the value of the property, and would have been free from the expense of attending to it, whilst the other would have had more independent citizens. As it is, Congress

owns waste valueless land, and Alabama has an uninhabitable desert, instead of a meritorious tax paying people. Why should Congress longer attempt to force up the prices of deserts, and mountains, or why should Congress longer persist in asking her people as much for a bad article as she does for a good one, while those deserts and mountains have been surrounded by inhabitants from fifty to two hundred years, are yet not worth twenty cents per acre, and in many cases not worth half of that sum? What reason is there to conclude that similar lands are worth more money in Alabama, where there are fewer inhabitants, more recently settled, and the country less healthy? Your memorialists request, that Congress may reduce the prices of said lands, according to the periods of time that the several districts may have been in market, and securing rights of pre-emption to occupants for limited periods of time, at each stage of reduction.

And be it resolved, That the Governor transmit a copy of the foregoing memorial to each of our Senators and Representatives in Congress.

JOINT RESOLUTION

For the benefit of Alabama Military and Scientific Institute, in Macon County.

Whereas, it is deemed essential to the prosperity and welfare of the Military Institute, located in the county of Macon, which doubtless will prove a benefit and honor to the State, and bring forward young men prepared to assume direction in our militia in case of necessity—its condition flourishing—the course of instruction the same as at West Point—its commanding officer well versed in military science, having served in the United States Army:

And whereas, the Institute being deficient in the necessary kind of arms, which are well calculated, not only for the students of said Institute, but equally as efficient in every respect, for usage in war for the militia of the State, the only difference is in weight, and the arms of the Institute subjected to daily inspection by the commanding officer, and always ready for service.

Be it therefore resolved by the Senate and House of Representatives of the State of Alabama, in General Assembly convened, That trusting in the integrity, skill, energy, and high character of Charles H. Goldsborough, the commanding officer of said Institution, he is authorized to apply to the Secretary of War, for such description of arms (muskets) as in his wisdom the Institute may require, in lieu of the muskets apportioned and furnished to the State of Alabama, on condition that he shall give bond to the Governor of the State and his successors in office, for the safe keeping and final return of said arms.

Approved, 4th February, 1846.

JOINT RESOLUTIONS

In relation to the line of boundary between the States of Georgia and Alabama.

Whereas, disputes have arisen in deriving the true line of boundary between the States of Georgia and Alabama, whereby the interests of this State have been placed in jeopardy: And whereas, the citizens of Alabama residing upon said disputed boundary should be protected in the full enjoyment of all their rights:

Be it therefore resolved by the Senate and House of Representatives of the State of Alabama in General Assembly convened, That by the deed of cession made by the State of Georgia on the twenty-fourth day of April, eighteen hundred and two, to the United States, of "all the right, title and claim, which the said State had to the jurisdiction and soil, of the lands situated west of a line, beginning on the western bank of the Chattahoochie river, where the same crosses the boundary line between the United States and Spain," (now the State of Florida,) "running thence up the said river Chattahoochie, and along the western bank thereof, to the great bend thereof," the true intent of the high contracting parties thereto, was, that the State of Georgia should retain the river Chattahoochie in her own domain, and grant to the United States all her territory west of said river; and that the said river Chattahoochie, from the Spanish territory, (now the State of Florida,) up to the great bend of said river, should become the boundary between the lands thus ceded to the United States and the State of Georgia.

And be it further resolved, That by no just or liberal construction of said conveyance, can the State of Georgia exercise, or claim jurisdiction, civil or criminal, over any soil, west of the ordinary channel of the Chattahoochie river; and that the line designated by the margin of said stream, against the western bank thereof, at the ordinary stages of its waters, is hereby declared to be the true line of boundary between the States of Georgia and Alabama.

And be it further resolved, That the Governor of this State be, and he is hereby authorized and required to employ counsel, to defend the claim of her citizens in said disputed boundary, and to aid in a full adjudication of their rights, whenever the same shall be by him deemed necessary and proper.

Approved, 3d February, 1846.

JOINT RESOLUTION

In relation to a part of Section Sixteen, Township Seventeen, Range Four, East, in Marengo County.

Be it enacted by the Senate and House of Representatives of the State of Alabama, in General Assembly convened, That the contract of purchase of the south west quarter of section sixteen, in township seventeen, in range four, east, in Marengo county, between John H. Ray, late of said county, deceased, and the commissioners of said sixteenth section, by, and with the consent of a majority of the white male inhabitants of said township over the age of twenty-one years, and of the administrator or executor of said John H. Ray, deceased, and the other co-makers of the note, may be rescinded and set aside : *Provided*, that the consent of said inhabitants as aforesaid be ascertained by an election, to be publicly held by said commissioners at some place, in said township, after twenty day's notice of the time and place of such election, posted up in three or more public places in said township : *And provided also*, that no money that may have been heretofore paid in virtue of said contract, shall be refunded.

Approved, 4th February, 1846.

JOINT RESOLUTIONS

To provide for the preservation of a portion of the Public Arms.

Whereas, in the month of December, A. D., eighteen hundred and forty, on account of an apprehended insurrection of the slave population in and near the town of Demopolis, in Marengo county, the Quarter Master General, with the concurrence of the Governor of this State, forwarded to that place from the State Arsenal at Tuscaloosa, about eighty muskets, with cartridge boxes, bayonets, &c., without requiring the execution of any legal bond for their return : And whereas, also, said muskets, &c., having been distributed to the citizens of said town and its vicinity, remained thus scattered, until the summer of eighteen hundred and forty five, when the greater part of the same were collected by William H. Roberts, of said town : But whereas, also, said muskets, &c., are subject to continual injury for the want of proper care and skill for their preservation : Therefore,

Be it resolved by the Senate and House of Representatives of the State of Alabama, in General Assembly convened, That the Quarter Master General be, and he is hereby directed and required, either by himself, or by properly authorized agent, to proceed forthwith to the said town of Demopolis, and to take charge of such of said muskets, cartridge boxes, bayonets, &c., as remain and can be procured, and to have the same returned to the State Arsenal at Tuscaloosa.

JOINT RESOLUTIONS

Of the General Assembly of the State of Alabama, for the relief of Archibald Sawyer, and others, of Randolph County.

Whereas, William B. Campbell, Tax Collector, for the year A. D. eighteen hundred and forty three, for the county of Randolph, failed to pay over to the Comptroller of Public Accounts, the State tax, by him collected : And whereas, also a judgment has been rendered in favor of the Comptroller of Public Accounts, and against the said William B. Campbell, as principal, and Archibald Sawyer, James Saxon, and Jephtha V. Smith, the securities of said Tax Collector, on his official bond, and by reason of the insolvency of the said Tax Collector, the whole liability has fallen on his securities : Therefore,

Be it Resolved by the Senate and House of Representatives of the State of Alabama, in General Assembly convened, That on the said securities paying, or causing to be paid to the Comptroller of Public Accounts, by the first day of January next, the full amount of the principal, interest and costs of said judgment, after deducting the commissions for collecting the insolvencies, and damages adjudged by the court against said defendants, for the failure of said Tax Collector to pay over the taxes so by him collected ; that the Comptroller of Public Accounts be, and he is hereby instructed to enter satisfaction of said judgment, so far as the securities are concerned.

And be it further Resolved, That on payment being made as aforesaid, including the several sums for which the real estate of said securities have been sold, with the legal interest thereon, it shall be the duty of the Comptroller of Public Accounts, to re convey the said real estate to the securities making such payment, under the provisions of an act, entitled an act, to prevent the sacrifice of real estate.

Approved, 3d February, 1846.

JOINT MEMORIAL

To the Congress of the United States, on the subject of the Pre-emption Laws.

The memorial of the General Assembly of the State of Alabama, respectfully represents, that the wise policy of the Government of the United States in relation to the public lands, in the passage of the late pre-emption laws, has been, owing to the extraordinary pressure of the times and the derangement of the currency of the country, during the last five or six years, partially defeated, and many industrious, enterprising and meritorious citizens deprived of the means of purchasing the homes intended to be secured to them by those benevolent laws. The General Assembly further represent, that owing to the causes above named, as well as to the great reduction, during that period, of every

article of agricultural production, and of property generally, a respectable portion of the settlers on the public lands in this State, and especially in the Cherokee Purchase, have been unable to realize the advantage intended to be secured to them, by the several pre-emption laws. Their settlements were consequently offered for sale, but owing to the great scarcity of specie funds, were not sold. They are now subject to general entry, and without the interposition of Congress, it is apprehended that this meritorious class of citizens will be ousted of their possessions by another class, who are ever ready to take advantage of the necessities and misfortunes of the poor but hardy and industrious pioneers of the West.

For the reasons above set forth, the General Assembly pray your honorable bodies to extend the right of pre-emption two years to the settlers above described, and to those who may make settlements and file their intentions to make an entry in the Land Office to which they belong, in a specified time; so that they may be enabled to enter their land, in preference to those who may be disposed to make a general entry. Your Memorialists would further represent, that if the *quantum* of acres of land that is now authorized to be entered, was reduced to twenty in lieu of forty, that in consequence of their being in many places but a very small quantity of good land, much more of the public lands would be taken up, thereby affording a revenue; whereas in the absence of such reduction, lands thus situated will be cultivated regardless of law.

Resolved therefore, by the Senate and House of Representatives of the State of Alabama, in General Assembly convened, That our Senators in Congress be instructed, and our Representatives requested, to use their best exertions to carry out the views contained in the foregoing Preamble and Resolution; and that his Excellency the Governor cause copies of this Preamble and Resolution to be forwarded to them.

Approved, 4th February, 1846.

JOINT MEMORIAL

To the Senate and House of Representatives of the United States.

Your Memorialists, the Legislature of the State of Alabama, would respectfully represent to your honorable bodies, that from the exposed condition of the whole coast of the Gulf of Mexico, including the coast of Texas, that it is important that the Government should establish some point near the coasts for casting cannon, and manufacturing arms, suitable for the equipment of troops in the service of the United States—that our Southern coast is more accessible to an invading army, and is in a more exposed condition than any other portion of the coast in the United States—and its defence has received less of the attention of the Government than any other. We hope that this has been owing, in some degree, to a want of information as to the resources of the South for providing the munitions of war. There are in the neighborhood of Tusca-

loosa, extensive fields of bituminous coal on the lands of the General Government, also iron ore, to an indefinite extent, also owned by the General Government, from which are manufactured some of the best iron now in use here. Tuscaloosa is situated at the head of navigation on the Warrior River, and within three days of the city of Mobile. It is believed that these coal beds are nearer to the Gulf, than any that have been yet discovered, and as it is probable that war steamers will come into general use, they would be invaluable as a supply of fuel for war and mail steamers, from the easy access to Mobile, Pensacola, New Orleans and Galveston. In view of these facts, your Memorialists would respectfully urge upon Congress the importance of establishing an Armory at the City of Tuscaloosa, for the manufacture of cannon and other arms for the Government, and also that such arrangement as Congress may think best, be made to supply from these coal fields, the coal that may be wanted on our Southern coast.

Resolved, That our Senators in Congress be instructed, and our Representatives requested, to aid in effecting the objects of this Memorial, and that a copy of the same be sent to each of them by the Governor of this State.

JOINT MEMORIAL

To the Congress of the United States, requesting that the Reserved Lands in the St. Stephen's Land District be offered for sale.

To the Honorable the Senate and House of Representatives of the United States, in Congress assembled :

The Memorial of the General Assembly of the State of Alabama, respectfully represents, that there are considerable bodies of lands belonging to the United States, lying in the St. Stephen's Land District, that were reserved from sale on account of cedar and other timbers and mineral value, which, by trespassers or other causes, have ceased to be of national value as to timber ; and that but a small portion of the lands reserved on account of its supposed value for purposes of salt, is necessary for that purpose :

Therefore, in view of these facts, the General Assembly ask your honorable bodies, to cause inquiry in reference to the lands so reserved on account of their supposed usefulness, and that they cause so much as may be found valueless for the purposes for which they were reserved, to be brought into market.

Resolved by the Senate and House of Representatives of the State of Alabama, in General Assembly convened, That our Senators in Congress be instructed, and our Representatives requested, to use their best exertions to carry out the views contained in the foregoing Memorial, and that his Excellency the Governor cause copies of this Memorial to be forwarded to each of our Senators and Representatives in Congress.

Approved, 3d February, 1846.

JOINT MEMORIAL

Of the Legislature of Alabama to the Congress of the United States.

To the Senate and House of Representatives of the Congress of the United States of America:

The Memorial of the State of Alabama, respectfully ask your honorable bodies to establish a Mail line of communication from the State Line Post Office by the way of the Court House, and through the Double Springs, in Cherokee county, to Elyton, in Jefferson county, passing through Ashville, in the county of St. Clair, in said State; and also a Mail line of communication from Jacksonville, in Benton county, to intersect the aforesaid line at Ashville, in the said county of St. Clair.

Your Memorialists beg leave to state, that this is the only link of communication wanting to establish an entire and unbroken line from Rome, in the State of Georgia, to Columbus, and other prominent points in the State of Mississippi, and the Rail Road of Georgia is nearly completed with a branch or arm now within a few miles of Rome.

And thus your honorable bodies will perceive, that this line of communication, if established as above proposed, will afford to the people of Middle Alabama and Mississippi the most expeditious mail facilities, and as well as to the traveling public, the greatest convenience in going to, and returning from Middle Alabama and Mississippi, and the Eastern cities: Therefore,

Resolved, by the Senate and House of Representatives of the State of Alabama, in General Assembly convened, That our Senators in Congress be instructed, and our Representatives requested, to urge the establishment of said Mail Route, and that a copy of this Joint Resolution be sent by the Governor to each of them.

JOINT RESOLUTION

For the relief of H. W. Nelson.

Whereas, by act of the Legislature, approved the thirteenth of February, eighteen hundred and forty-two, a State tax of thirty dollars was levied on retailers of spiritous liquors: And whereas, five days thereafter the County Court of the County of Shelby, met and granted licences to four persons to retail, and the tax of thirty dollars each was not collected, said law not having been made public, in consequence whereof, Hudson W. Nelson, tax collector for said county at that time, paid into the State treasury the sum of one hundred and twenty dollars, which never has been, nor never can be collected by him, therefore:

Be it resolved by the Senate and House of Representatives of the

State of Alabama in General Assembly convened, That the sum of one hundred and twenty dollars, be, and the same is hereby appropriated out of any moneys in the treasury not otherwise appropriated, to reimburse said H. W. Nelson.

Approved, 31st January, 1846.

Approved, 5th February, 1846.

JOINT RESOLUTIONS

For the relief of the Commissioners of Section Sixteen, Township Twenty-four, Range One, East, in the County of Pickens.

Whereas, said Commissioners, on the promise of the purchasers of said Sixteenth Section to pay to them eight per cent. interest on their

notes, instead of six, as required by law, to be paid to the Bank, did recommend to the Bank to grant an extension on the notes of said purchasers; which extension was granted on said recommendation obtained on the condition above named: And whereas, said eight per cent. has been regularly and promptly paid, as agreed by the purchasers, and disbursed as required by law, by the Commissioners aforesaid, for purposes of education:

Therefore, be it resolved by the Senate and House of Representatives of the State of Alabama, in General Assembly convened, That the cashier of the Bank of the State of Alabama, is hereby authorized and required to settle with the purchasers of any portion of said section, on the production of the receipt of the Commissioners for eight per cent. as aforesaid, instead of six per cent.

Approved, 27th January, 1846.
